BIG VALUES IN EVERY DEPARTMENT

Outplayed throughout the first quarter and across on the line yard line for the six-point lead. The Elba Tigers settled down and won a football game in a thrilling finish before a home crowd of 2,000 people here Thursday night. Florida scored early in the game largely on line plays, going over from the yard line for the six-point lead. The attempt for the extra point failed, however.

Florida continued to outplay the Tigers until well into the second quarter but were not able to muster enough punch for a second score and led at the half by a 6-0 count.

The last half was all Elba's. The Tigers started their scoring drive from their own 35 just as the third quarter ended. The score came on a fourth down on the four-yard line when Morrow circled left end to score standing up. The play-off point came on a hand-off from McDowell to Farris who plowed straight through the middle for the extra point and the ball game.

With only six minutes left to play they kicked to Florida and held on the forty. After receiving the punt on their own 30 they moved the ball to the Florida 12 in six plays. The Florida line tightened and the scoring drive was stopped when Elba was penalized for taking too much time.

Playing without McCollough, Jeter and Charles Whitman, three outstanding regulars, the Tigers played improved ball and completely outplayed the stubborn Florida team in the last half. Several newcomers were outstanding in the Elba line-up including Travis Whitman tackle, and Grimes, center. Ringdorph played his usual fine game and Farris, Elba's freshman halfback, turned in a stellar performance, both on offense and defense. Morrow made several beautiful runs including the one that scored the TD.

Mr. Forrest Lavender of the State Health Department arrived in the county this week and will work in cooperation with the Coffee County Health Department in the Blood Test Survey for Syphilis.

The law requires that every person between the ages of 14 through 59 shall submit to a blood test.

Stations will be so arranged as to cause as little inconvenience as possible to the people. Schedules with the stations and hours for each station will be listed later.

Dr. Weidner is confident of the full cooperation of the people of Coffee County in this blood test survey. In an interview with Mr. Lavender he stated that many people have realized that this is a fine service and have been looking forward to the time when it could be offered to the people of Coffee County. If every person could have a blood test once a year and treatment started early when it was needed, our people would be saved from much needless loss of health.

Clerks to carry on this work will be needed and application blanks can be secured at the County Health Offices in Enterprise and Elba.

Chicago - In a recent change at the New City police station, Sergeant Doonan, 41, 6 feet 1 inch, 225 pounds, was succeeded by Sergeant Doonan, 41, 6 feet 1 inch, 225 pounds. The Doonans are identical twins and the only major difference is that one is named Chester and the other Warren.

Results from the thousands of men demonstrations are beginning to show a large crop of good citizens. Many farmers and 4-H Club boys have reported yields of one hundred bushels of corn to the acre. One farmer has harvested 108 bushels. From reports it is estimated that dry weather this season reduced the expected yield by 25 per cent.

Mr. and Mrs. Jim Whitman, Buddy Whitman and Mrs. Ben Comer spent last week-end in Atlanta and attended the Auburn-Ga. Tech football game.

Boy Scouts Are Invited To Fair

Boy Scouts and Cub Scouts of Southeast Alabama have been invited to attend the New Brockton County Fair, Friday, October 31. Governor James E. Folsom will also attend Friday and address Scouts at 3 o'clock in the afternoon. All Boy Scouts and Cub Scouts and their leaders are invited to attend. Admission at the gate will be by scout registration cards. Scouts and Cubs should wear uniforms.

Major Bryan Gets Reemployment Post

Major D. S. Bryan, Veterans Service Officer, Alabama State Department of Veterans Affairs, has recently been appointed as Reemployment Committee member for Coffee County to aid veterans in obtaining reemployment and seniority rights to which they are entitled under Selective Service Act and related Federal Statutes.

Douglas C. Pritchett, formerly Assistant State Director, Selective Service in Alabama, and now Field Representative for Veterans Reemployment Rights Division, United States Department of Labor, announced Maj. Bryan's appointment today.

Bryan will give advice and assistance to veterans who feel that they have not received reemployment and seniority rights to which they are entitled under these laws. The reemployment rights, functions of the Selective Service Act, were transferred to the United States Department of Labor when the Selective Act expired last March 31.

Every effort will be made to adjust all cases amicably between veterans and former employers which is in keeping with the policy declared by Secretary of Labor, Harold G. Phillips, and Robert Salva, Director of the Department's Veterans' Reemployment Rights Division.

Veterans of Coffee County having reemployment problems should contact Maj. Bryan for assistance in connection therewith.

BOX SUPPER AT ZION CHAPEL NOV. 7
There will be a box supper at Zion Chapel School Friday night November 7, 1947. Fun for everyone is expected. Surprise box cake, coffee, food and the selection of Miss Zion Chapel.

After discussing the program with one of the above teachers, the veterans should get a Certificate of Eligibility from Mr. Dozier Bryan, County Service Commissioner. This certificate will be turned over to James J. Martin, County Veterans Teacher so that enrollment can be completed. A veteran can not be enrolled unless he has his farm rented or otherwise secured for 1948.

VA OFFICE HOURS ANNOUNCED
In order to conform to the reduced budget given to the Department of Veterans Affairs by the Legislature, the Coffee County office can only employ clerical help on a part-time basis. Therefore, effective November 1, 1947, the office in Elba will be closed each Tuesday and Friday morning until noon. The office will be open all day on other days except Thursday afternoon. Veterans and their dependents are requested to keep these days in mind when planning to visit or call the office.

D. S. Bryan
Veterans Service Officer
Coffee County

Funeral services were held at the home Saturday afternoon with Rev. O. M. Fox officiating. Pallbearers were grandsons, included: Carlos Boutwell, Leroy Boutwell, Johnnie Ward, and Casper Fere. Interment was in Evergreen cemetery.

CORN DEMONSTRATION RESULTS FAVORABLE
Results from the thousands of men demonstrations are beginning to show a large crop of good citizens. Many farmers and 4-H Club boys have reported yields of one hundred bushels of corn to the acre. One farmer has harvested 108 bushels. From reports it is estimated that dry weather this season reduced the expected yield by 25 per cent.

Mr. and Mrs. Jim Whitman, Buddy Whitman and Mrs. Ben Comer spent last week-end in Atlanta and attended the Auburn-Ga. Tech football game.

Mr. W. T. Whitman, Jr. Mr. W. T. Whitman, Sr. and Tommie Whitman made a trip to Mobile Wednesday to have Tommy's injured arm checked by his doctor.

A Grand Picture Back Again

Enrollment In Veterans Farm Training Open

Any Veteran Who Desires Training Should Apply

Enrollment in veterans farm training has been re-opened after having been closed for several months so that provisions of P. L. 377 could be worked out into the program.

Any veteran now farming who served in World War II for ninety days or more and has an honorable discharge, is eligible to take farm training; however, there are certain standards that a farm must meet before it will be approved by the State Department of Education for veterans to train on. In case a farm doesn't meet these standards, it must be made to conform to them before a veteran can enroll in training on it.

P. L. 346 as amended by 377 allows veterans who farm to take their entire eligibility period in Vocational Agriculture. Prior to the passage of this law, two years was the maximum training period in agriculture.

But now, veterans who are trained for four years, provided the veteran is entitled to this much training by the time he spent in service.

If possible a veteran who wishes to enter farm training should contact the veterans Vocational Agriculture teacher for his community and discuss the matter with him. The teachers and their communities are the ones who will give advice and assistance to veterans who feel that they have not received reemployment and seniority rights to which they are entitled under these laws. The reemployment rights, functions of the Selective Service Act, were transferred to the United States Department of Labor when the Selective Act expired last March 31.

Every effort will be made to adjust all cases amicably between veterans and former employers which is in keeping with the policy declared by Secretary of Labor, Harold G. Phillips, and Robert Salva, Director of the Department's Veterans' Reemployment Rights Division.

Veterans of Coffee County having reemployment problems should contact Maj. Bryan for assistance in connection therewith.

BOX SUPPER AT ZION CHAPEL NOV. 7
There will be a box supper at Zion Chapel School Friday night November 7, 1947. Fun for everyone is expected. Surprise box cake, coffee, food and the selection of Miss Zion Chapel.

FIRECRACKERS
Every time we are annoyed by the bursting of a firecracker we remember the days when as a boy we derived much pleasure from firecrackers and regarded grown-ups who didn't like them as old fogies. Chances are that boys now see the thing much as we did then, and even if we could stop their noise, we probably wouldn't do it. The fact remains, however, that firecracker popping is a nuisance and steps should be taken to remedy the situation.

Fireworks are supposedly a part of the Christmas celebration, but with Christmas so far away their popping now can be brought on by nothing more than the urge to hear them pop. The most practical suggestion we have heard is to ban the shooting of fireworks until a couple of weeks before Christmas. Enforcement of such an ordinance would be hard but could be eased somewhat through restriction of sales. In this way Christmas could be celebrated thoroughly, if not properly, and we who don't like firecrackers would be bothered with them for only three weeks instead of the next three months.

COLLEGE EDUCATION
According to a recent announcement by the Eighth Naval District headquarters the Navy has an opening for 2500 men to enter college next fall under the N. R. O. T. C. program. The student can study the subject of his own choosing and will take certain required naval science subjects. His books, tuition, and other fees will be paid and he gets a \$50 a month living allowance. While in school he participates in drills and cruises and, if qualified upon graduation, must accept a naval commission and accept two years active duty after which he can transfer to the Naval Reserve and return to civilian life if he so desires.

We are not recruits for the Navy and certainly do not suggest this as an alternative to a regular college education, but for boys who want to go to college and are not financially able, it is at least a possibility worthy of investigation.

CORREGIDOR
Almost unnoticed by most Americans, the Stars and Stripes have been lowered on Corregidor and the once-mighty fortress in Manila Bay has been turned over to the Philippine Republic.

The ceremony emphasizes the willingness of the United States, which won the islands from Spain, to deliver them to the people of the Philippines and to give up, without profit and after considerable financial loss, the rich lands of the Philippine Islands to the people who now enjoy independence.

MR. HAMM DELIVERS
Mr. Charles Dobbins, former editor of the Montgomery Advertiser and present editor of the Montgomery Examiner, said the following about an Elba citizen in an recent issue:

This week we received Volume 1, Number 1, of the State Department of Revenue BULLETIN, "An Analysis of State Administered Taxes published monthly in the interest of the citizens of Alabama." Inside the front cover is the name "Phillip J. Hamm, Commissioner of Revenue," and the following words:

"No charge is made for the BULLETIN, and those individuals and agencies interested in receiving it are requested to send their complete name and address to the BULLETIN, STATE DEPT. OF REVENUE . . ."

The new publication, in addition to offering much worthwhile information, is evidence of the exceptional values in a young man who labors on Goat Hill. When Governor Folsom named Phillip J. Hamm to be Commissioner of Revenue there were questions everywhere—"Who's he?" We were among those who asked. And there were those who knew Mr. Hamm, and some of them asked, "What in the world has Phil done to qualify him for such a difficult spot?"

One man told us this at the time: "Folsom says he wants a man of uncompromising character in that job. He says he knows Hamm is honest." In the light of later events the people of Alabama may wish the Governor had been more careful to demand that particular qualification in all his appointees (and so say the Governor), but at any rate he seems to have made no mistake in placing confidence in young Mr. Hamm. The financially inexperienced former school teacher has produced.

Folsom is understood to have told Hamm—"Collect the taxes no matter whether they're big 'uns or little 'uns. Make 'em pay." The figures indicate that Mr. Hamm has done.

MORNING PRAYER
Now I get me up to work,
I pray Thee Lord I may not shirk,
If I should die before the night,
I pray Thee Lord my work's done right.

Auto Registration Increases Over Last Year
Birmingham, Ala. — Automobile registration in Alabama will be up 12.4 per cent over 1946, the Alabama Motorists Association today predicted.

While a high total 323,079 passenger cars were registered in this state last year, some 355,000 will be registered this year, AMA Vice-President Bert M. Meadows said today.

The trend toward an increase has been noted nationally, but Alabama is well above even the National average which is up 9.6 per cent.

This year's passenger car registrations will bring the U. S. total to more than 30,000,000. Inclusion of commercial vehicles will bring total registration to more than 37,000,000, an increase of 3,218,000 over the previous year and approximately 2,700,000 more than the previous high year, 1941, said Meadows.

He attributes the large registration increase, despite greatly curtailed production during the past six years, to the fact that only 920,000 motor vehicles were scrapped yearly during 1942-1946, compared with an annual scrapping average of 2,350,000 vehicles before the war.

The average car today is nine years old, said the official of the American Automobile Association affiliate in Alabama. He issued a warning note: This record-breaking registration increase, he said, is a time when road programs and road planning are lagging seriously. These facts should underscore the urgent necessity for extreme care in driving at all times if we are to avoid a soaring toll of death and destruction.

Pigs And Hogs Not In His Dept.
Montgomery — Atty. Gen. Albert A. Carmichael ruled last week that anyone wishing to know the difference between a 'weaning' pig and a 'grown' pig should ask the Department of Agriculture.

The ruling came as a result of a request for a ruling in connection with a 1947 act appropriating state funds to combat hog cholera.

"I am of the opinion," Carmichael said in his ruling, "that the duty of determining what swine came under the category of 'weaning' pigs and 'grown' hogs rests upon the Department of Agriculture and Industries and so long as the decisions made by it are reasonable and not capricious, the same should be final."

Certainly it would be appropriate for the department to obtain the opinion of the state veterinarian, its expert in such matters, before making its determination. I, a mere layman in such matters, express no opinion on the interpretations given in your request for an opinion.

Paterson had said he thought a 'weaning' pig is one six to 10 weeks old, weighing 40 pounds or less, while a 'grown' pig is one of breeding stage.

Homemade Mixture Cuts Hog Feed
In these days when every farmer is fed-saving conscious, a simple farm practice estimated to save a million dollars worth of hog feed is suggested by G. B. Phillips, API extension specialist in animal husbandry.

MR. BOOZER CONDUCTS STUDY COURSE—
Mr. Melvin Booser conducted a study course for the Intermediate B. T. U. at the Baptist Church Saturday.

Breakfast was cooked and served on the church lawn at 8 o'clock. Classes were held until noon at which time a picnic lunch was enjoyed. Classes were resumed and continued until 3 o'clock. The B. T. U. manual was studied.

Those taking the course were: Ann Fox, Doris Carpenter, Frances Miles, Betty Lou Windham, Henrian Taylor, Betty Jane Spurlin, Gloria Whaley, Ella Wilkerson, Mozell Allday, Eugene Devane, Roy Foreman, Brian Turner, O. M. Fox, Buddy Windham, Sam Young, and Carlton Whitman.

James Ham, who recently has become an operator at a Tuscaloosa hospital, came to Elba Saturday and is convalescing at the home of his parents, Mr. and Mrs. Wesley Ham.

BETA CLUB ELECTS NEW MEMBERS—
The Beta Club of Elba High School had its induction ceremony for the new members at the high school auditorium Tuesday morning.

Marshall Ringdorf, Beta club president, presided. Mr. Dixon explained the requirements for membership in this club and appealed to non-members to strive to reach them.

The president administered the pledge with the assistance of the secretary, Miss Hazel Hall, delivered membership certificates and club pins.

The members inducted were: Diana Sue McCollough, John Burton Harper, Sammy Blue, Mary Oswald Dowling, Ann Payne, Juanita Carney, Lois Davis, Toisye Lee, Joan Thompson, Mary Lou Plant, Orell Kink, Patsy Brunson, Martha Wise, Neil Hornsby, Christine Hardy, Leon Davis, Billy English, Patricia Flowers, Paul Kendrick, and Ben Johnson.

Miss Nina English, who is a student at Alabama College, Montevallo, visited her parents, Mr. and Mrs. James English during the week-end.

Mrs. Roy Watkins, Miss Roy Frances Watkins, and Mrs. Eva Easters were visitors to Montgomery Saturday.

Mrs. Fleetwood Carney and children, Nancy, Oliver, Terry and Samuel Fleetwood, Jr., spent last week in Elba with Judge and Mrs. J. A. Carney. Mr. Carney came down Sunday and his family returned to their home in Montgomery with him.

Mrs. Prescott Smith and daughter, Martha Jane, of Mobile, spent Sunday with their parents, Mr. and Mrs. S. W. Smith.

FACULTY CLUB OF ELBA ENTERTAINED—
Mrs. Baxter Bryan, Mrs. Harold Deal and Miss Jessie Lee entertained the Faculty Club of the Elba Schools in its October meeting Tuesday evening at the home of Mrs. Bryan.

The spacious living room was beautifully decorated with colorful autumn flowers.

The business hour was presided over by the president, Mrs. J. W. Kendrick. Officers for the new year were elected as follows: Mrs. May Prescott, president; Mrs. Bryan Taylor, vice-president; Mrs. Raymond Ingram, secretary-treasurer.

Problems relating to individual teachers and students were discussed. Games and contests were led by Miss Jessie Lee.

A delicious salad plate with coffee was served. The teachers attending were: Mr. Garth Alexander, Mr. Kermit Crook, Mrs. Roberta Childs, Mrs. Jim Larkins, Mrs. Bob Bickford, Mrs. Bryan Taylor, Mrs. May Prescott, Mrs. J. C. Dixon, Mrs. Wesley Ham, Mrs. Stanley Clark, Mrs. Sam Young, Mrs. Fred Harper, Mrs. Harold Deal, Miss Lillian Ham, Mrs. E. E. Vaughan, Mrs. Raymond Ingram, Mrs. J. D. Lowery, Mrs. Baxter Bryan, Mrs. A. C. Dunaway, Mrs. L. M. Hainer, and Mrs. J. W. Kendrick.

Mrs. Roy Watkins, Miss Roy Frances Watkins, and Mrs. Eva Easters were visitors to Montgomery Saturday.

Mrs. Fleetwood Carney and children, Nancy, Oliver, Terry and Samuel Fleetwood, Jr., spent last week in Elba with Judge and Mrs. J. A. Carney. Mr. Carney came down Sunday and his family returned to their home in Montgomery with him.

Mrs. Prescott Smith and daughter, Martha Jane, of Mobile, spent Sunday with their parents, Mr. and Mrs. S. W. Smith.

Mr. and Mrs. Edgar Vaughan, Elaine and Ted, spent Sunday in Panama City, Fla., with Mr. and Mrs. Harry Bullard.

Mr. and Mrs. Fred Weed and children and Mr. B. S. Weed visited Mr. and Mrs. Charles Armstrong in Panama City Sunday.

James Ham, who recently has become an operator at a Tuscaloosa hospital, came to Elba Saturday and is convalescing at the home of his parents, Mr. and Mrs. Wesley Ham.

Mrs. Ovis Driggers spent several days last week at home with her parents, Mr. and Mrs. Johnnie Driggers and family. Miss Driggers holds a position with the Florida Hotel of De Funiak Springs, Fla.

Mr. R. P. Parrish of Evergreen and Mrs. L. E. Gubbe of Greenville were business visitors to Elba Tuesday.

Mr. and Mrs. Billy Oggs returned Tuesday from Birmingham where they visited his parents, Mr. and Mrs. W. A. Oggs.

Mr. and Mrs. Jake Wambles of Montgomery, spent the week-end in Elba with his mother, Mrs. Bert Wambles.

Mr. and Mrs. G. P. Miles spent Tuesday and Wednesday in Gadsden.

Mrs. O. B. Blocker of Atlanta, is a guest of Mrs. D. F. Prescott and Miss Debata Blocker.

Miss Eunice Farris visited her sister, Mrs. E. L. Alford, in Chipley, Fla., last week. Mrs. Alford was formerly Miss Zelma Farris of Elba. Her friends will regret to learn that she will undergo a major operation this week and will wish for her a complete recovery.

Mr. and Mrs. Olin Warren have returned to their home in Port Arthur, Texas, after a visit to relatives in Elba and New Brockton.

Mr. and Mrs. C. O. Miller and Dick Spurlin spent Sunday in Montgomery. Mr. and Mrs. Foy Spurlin returned to their home in Montgomery with them. Mr. and Mrs. Spurlin were called to Elba because of the death of his grandmother, Mrs. W. C. Boutwell.

Initiation Held For
New FHA Members

The FHA chapter of the Future Homemakers of America held its first regular meeting October 7, 1947, with Betty Sue Brooks president, presiding. During the business session each chairman of Standing Committees presented their plans for the year.

After the business session the chairman of the Program Committee, Jeanette Tindol took charge. An interesting report of the state FHA meeting held at Alabama College was given by Nelwyn Mixson. To better acquaint the new members with the organization the Embroidery Service was given by eight of its members. One of the highlights of the program was the impressive initiation ceremony held for the following new members: Iris Bass, Marshalle Bowdin, Lois Cordele, Billie Crumpler, Betty Jean Danford, Loe Olive Danford, Annie Lou Kelley, Annie Sue Kelley, Carolyn

Soil Conservation
By Edwards and Tullos

It is getting late for planting
winter grazing and cover crops.
However, farmers are still plant-
ing lupine, oats, crimson clover,
and Casey peas. These crops
must be planted as soon as pos-
sible if they are to succeed. Lu-
pine, oats and crimson clover
have come up to good stands in
spite of the dry weather. Rush
Arnor reported that his clover
came up four days after it was
planted.

Lupine seed are getting scarce
but can still be found. Seventy-
five to 100 pounds of seed should
be used when lupine is planted
this late.

Nine farm plans for saving
the soil have been made in the
county.

You are hereby notified that
under and by virtue of an Act
passed by the Legislature of
Alabama, which was approved
by the governor, the owners of
all unpaid registered claims a-
gainst the fine and forfeiture
fund of Coffee County, Alabama
are required to re-register said
claims on or before December
16, 1947. All registered claims a-
gainst said fund which are not
presented for re-registration on
or before December 16, 1947,
shall be barred and payment
prohibited. Such claims shall be
re-registered in the order of
their prior registration.

KINSTON NEWS
By Mrs. Rayford Stephens

Mrs. J. L. Atkins and Mrs. Mil-
dred Roberts and Mrs. Don Gay-
lord, with Mr. and Mrs. H. B.
Clark.

Mrs. George Brown (nee Ches-
sale Nobles) and children of
Shallmar, Fla., were guest of
Mr. and Mrs. W. Y. Nobles se-
veral days last week.

Mr. and Mrs. Dewey Hataway
visited her parents, Mr. and Mrs.
J. A. Adams of Andalusia, Sun-
day.

Rev. and Mrs. O. M. Bruce
attended the Bruce family reu-
nion at the home of Mr. and
Mrs. M. O. Bruce Sr., near Dothan
Sunday.

Miss Marilyn Richardson left
for Pensacola, Fla., this week
where she has accepted a posi-
tion as beauty parlor operator.

Mr. and Mrs. Herschell Daye
and infant twin daughters of
Troy were week-end guest of
Mr. and Mrs. W. B. Daye.

Mr. and Mrs. C. W. Moore and
son of Montgomery were week-
end visitors of Mrs. Sara Wil-
lams.

A double wedding of much in-
terest in this section was that
of Miss Nell Smith, daughter of
Mr. and Mrs. Burie Smith to
Mr. Quinton Smith, son of Mr.
and Mrs. Horace Smith and Miss
Susie Lou Hall, daughter of Mr.
and Mrs. Sam Hall to Mr. Phil-
cher Ridgers, son of Mr. and
Mrs. D. D. Ridgers, the wedding
having taken place at the home
of Rev. and Mrs. M. O. Bruce
Saturday afternoon, October 25.

Immediately following the
ceremony the couples left for a
short wedding trip to points in
Florida.

Mr. and Mrs. Howard Hardy
and small son, James Howard,
of De Funiak Springs, Fla.,
spent the week-end here with
relatives and friends.

Mrs. H. L. Tyson and children
have moved to Opelika to make
their home where they joined
Mr. Tyson who is employed
there.

Mr. and Mrs. Edsel Thomaston
of Troy spent the week-end with
Mr. and Mrs. J. D. Thomaston.

Mrs. D. C. Watson of Detroit,
Mich., arrived here Monday to
spend some time with her sister
Mrs. Sara Williams.

Messrs. Dewey Hataway, Jim
Pierce, Brady Pierce, and John
Coom attended the funeral of
Duane Pierce, son of Mr. and
Mrs. Chester Pierce of Mobile,
last Thursday. Duane was killed
while in the service of his coun-
try in December, 1944.

Mr. J. E. Conner is in the Law-
son General Hospital at Atlan-
ta, where he is receiving treat-
ment.

Dr. George T. Perry of Breton-
ton was here during the week-
end. He, Mr. and Mrs. M. D.
Higley, Mr. and Mrs. W. L.
Stephens and Mrs. Lula. Step-
hens attended the Stephens fa-
mily reunion at the home of
Mr. and Mrs. T. A. Stephens at
Laurel Hill, Fla., Sunday. The
event was in celebration of Dr.
Perry's and Mr. T. A. Stephens'
birthdays.

Mr. and Mrs. G. C. Mallory of
Elba were guest of Mr. and Mrs.
Charles Mallory and family,
Sunday.

Miss Frances Hall spent last
week with relatives in Victoria.

State Docks Set
Record for Freight
Shipped In Month

Montgomery - As a result of
recent heavy coal shipments to
Europe, the bulk handling plant
at the Alabama State Docks set
an all-time record for handling
328,333 net tons during the
month of August. Docks Direc-
tor Henry W. Sweet disclosed
last week.

Sweet said that this was ap-
proximately 50,000 tons more
than was handled during any
previous month this year, and
that the August handling was
more than 100,000 tons in excess
of the shipments listed during
the month of July.

In the future the Zion Chap-
el clubs will meet on the third
Monday in place of the second
Wednesday of each month.

The Basin clubs will meet on
the fourth Friday in place of
the third Wednesday of each
month.

Meeting dates of Bluff Springs
and Basin clubs will be changed
from their regular schedules
on November 1. Thanksgiving
holidays. The new meeting
dates for November will be an-
nounced at a later date.

There will be a cemetery
working at Whitewater church
on November 1. Everyone is ur-
ged to attend and bring tools to
work with.

State AFL Leader Denies Labor Against Vet Training

Montgomery — Last week's State AFL President Jack Brock said that he wished to dispel what he termed rumors that organized labor was out to smash the GI on-the-job training as Alabama, but predicted that the program would be wrecked unless various interested agencies stop bickering among themselves.

Speaking before an American Legion committee set up to investigate the training program, Brock said that nothing is further from the truth than the rumor that labor is opposed to the GI program. Brock said he believed the VA was being "bled white" by the way veterans over the state are being told they can become skilled mechanics after three to five months training.

"What I want to see," Brock said, "is the veterans program put on a sound footing so that it will help to develop skilled craftsmen in the various trades. The various agencies should coordinate to this end. If the bickering between the various groups would stop, the on-the-job and apprentice training programs could be doubled in scope and effectiveness."

The state AFL leader proposed creating a master approving agency which would be composed of representatives from each agency dealing with the veterans program.

Harley A. Smith, manager of

PLANT NOW TO AVOID DISASTER

Auburn — Alabama farmers may not realize it now, but they are entering one of the most critical periods in the history of agriculture—a feed and grain shortage.

Farmers will not feel the pinch now because they still have some grazing and hay. It will be spring before they see the gravity of the situation. This is the belief of API extension agronomist J. C. Lowery who warns that the feed and grain shortage has made a crisis that will need every farmer's help in overcoming. He says to farmers:

"Plant oats, vetch and wheat now and plant as you've never done before! Oats planted now and top dressed next spring will yield a grain crop. Oats and vetch will give some grazing and a hay crop at a time when the pinch is sharpest. Because the season is so late, north Alabama farmers should probably plant wheat and vetch instead."

Ordinarily we don't recommend late plantings of crops. At best it's risky business. Profits are not so high. But this year we must plant, even this late. Every ounce of feed will be at a premium next year.

Local Legion posts are not satisfied with the present program of training they might take corrective action instead of writing letters of criticism to the various affiliated agencies.

Crop Land of Nation Periled by Erosion

Officials Say Failure to Act Will Cost U. S. \$20 Billion.

WASHINGTON—Conservation of the nation's soil is a problem of the first importance, officials say. The nation's entire crop land is threatened with irreparable damage by 1960 if the present rate of erosion continues. Another 25 per cent of the land faces permanent injury between 1960 and 1975.

Failure to act, it was indicated, will cost the nation 20 billion dollars in the next 20 years—in actual cash and without regard to the irreplaceable loss of a vital natural resource. Continued retirement of broad areas from cultivation each year will may force a reduction of the American diet, officials added.

Pointing up this possibility, they said census experts estimate that by 1970 the United States will have a population of 170 million, compared with the present 140 million. They said so great a population will require more—not less—land than is producing crops today. The officials stressed that "no one will starve." Instead, the national diet would decline in nutritional quality. There would be a shifting to a heavier cereal diet.

According to the soil men, erosion now is making its most vicious attack upon the rich middle belt of the country.

The Midwest long has been considered a "permanently" rich bread basket. But intensive cultivation of war-important crops in the last few years has exposed millions of acres of precious topsoil to wind and rain, officials said.

The 50 per cent of available crop land now suffering from "critical" or "serious" erosion totals 225 million acres. Another 210 million acres is undergoing a "slow" eating away. The rest of the nation's farm land resources, or only about 75 million acres, does not need conservation help now and may never need it.

Plan to Finance Hospital

With Farmers' Wheat Gifts

GARRISON, N. D. — This small city in the heart of one of the best wheat growing districts has hit on a unique plan for raising money to build a community hospital — a "wheat campaign."

Instead of soliciting cash contributions from farmers in the Garrison trade area, officials in charge of the drive asked farmers during the peak of the wheat harvest, to donate a hopper or two of wheat.

The wheat will be sold and the money used to help build up a \$75,000 fund.

Didn't Want Trip West,

Hid 12 Days Under Porch

FAIRBURY, NEB. — A 13-year-old high school girl told how she hid for 12 days under the porch of a girl friend's house, rather than go on a vacation to Yellowstone park.

This city of 7,000 had been searching for Ardith Jones ever since she disappeared. Police found her questioned her and then took her home.

Ardith said she spent almost all her time under the porch. She lived on canned goods she fled from a fruit cellar behind her hideout.

He Nosed Out Ponies in

End, His Profit \$26.41

SAN FRANCISCO.—The bangtails can be beaten, Victor M. Nielsen assured the court—but the percentage isn't anything to shout about.

Nielsen, testifying in a divorce case, pulled out a little black book on his belt to counter his wife's claims that he has squandered the family's money on race horses.

In two years, he told the court, he had bought \$211,000 worth of pari-mutuel tickets on an original capital of \$4,500.

His profit? \$26.41.

to be set. Then too, PMA says funds tied up to help one farmer may be released to help another where intended practices

First Hospital Under New Act In Langdale

Montgomery — The first hospital in Alabama, and possibly the first in the nation to be built under the Hill-Burton Act, is expected to be located at Langdale in the Chattahoochee Valley. Sen. Lister Hill, co-author of the bill, said last week.

The hospital will have facilities to provide medical care for the Chattahoochee Valley area's 9,000 industrial workers along with a large rural population in that vicinity.

Under the Hill-Burton Act, which was passed last year, \$15,000,000 in federal funds has been available in Alabama, Sen. Hill explained. This means that Alabama will get \$1.48 per person in federal aid, or more than twice as much as the wealthier states in the nation will receive, Sen. Hill added.

Scarcely ten per cent of the state's public health services are adequately housed and equipped the senator said, and 27 counties in the state have no registered hospital facility.

Fix Seedbeds For Sericea Pastures

Many farmers aren't able to plant pastures and sericea in early spring because they fail to fix seedbeds in the fall.

At planting time, the ground is usually too wet to prepare and farmers miss getting in these crops on time, observe D. R. Harbor, API extension assistant agronomist. The way to avoid this is to make the seedbeds now, he explains.

On most soils it is very necessary to have good beds for seeding both pastures and sericea. Stands of sericea usually do not thicken, so plantings must be made right or the crop will fail, cautions Harbor. Since some land will erode if turned now, it will not be wise to prepare it until just before planting time.

Harbor advises turning land and disking to form a smooth seedbed on which a mowing machine can be operated.

are not carried out by the first farmer.

AD VALORUM TAX EXEMPTIONS TO APPLY THIS YEAR

Montgomery — Last week the Alabama Supreme Court ruled that the 1947 legislative act increasing state ad valorem (property) tax exemptions is valid and will apply in this year's taxes.

The court held that the act, sponsored by Rep. Paul Meeks and other members of the Jefferson County house delegation, does not violate the state constitution, and that, even though the constitution sets up certain requirements concerning taxes, the law making body still has the authority to determine which property is taxable and which is exempt.

Many miscellaneous items—radios, mechanical and electric

refrigerators, phonographs, pianos, paintings, sporting equipment, watches, clocks, jewelry, and the like—are exempt by the act when kept in homes for personal use.

In addition, the act provided personal property exemptions increases from a maximum of \$2,000 to \$3,000 for deaf mutes, insane or blind persons and incompetent veterans, while exemptions were raised from \$100 to \$500 on farm tools—\$100 to \$200 for tools used by mechanics—and \$250 to \$500 for household and kitchen equipment.
